SBM Holdings Ltd

SBM Holdings Ltd ('the Group') is pleased to present its abridged audited separate and consolidated financial statements for the year ended 31 December 2015. The audited financial statements have been prepared in accordance with International Financial Reporting Standards.

Operating Results

The Group's profit before impairment and tax which was restated at MUR 3.11 billion for the year ended 31 December 2014 increased to MUR 3.99 billion for the year ended 31 December 2015. However, the profit after tax of the Group fell from MUR 1.87 billion as restated for the year ended 31 December 2014 to MUR 1.61 billion for the year ended 31 December 2015. This was the result of a substantial increase in credit impairment charges during the period under review amounting to MUR 1.94 billion as compared to MUR 0.63 billion for the last year. This substantial increase in credit impairment losses was due mainly to a major conglomerate in segment A going into receivership/ administration and two large corporate accounts in Segment B that went impaired.

Profit after tax for 2014 has been restated downwards by MUR 1.29 billion mainly to reflect part of the expenditures incurred during the year 2014 relating to inefficiencies in the implementation of the Group's information technology project named "Flamingo" and costs in respect of Business Transformation Initiatives which have been expensed as they did not meet the criteria to be treated as capital expenditure under IAS 38.

Net interest income has increased by 5% as compared to last year to reach MUR 4.25 billion for the year ended 31 December 2015. The Group continues to focus on lower cost current and savings account deposits. Excluding the exceptional gain on sale of equity investments of MUR 0.38 billion for the year ended 31 December 2014, non-interest income increased by MUR 0.17 billion driven mainly by dealings on foreign exchange and securities. Recurring non-interest expenses increased from MUR 2.01 billion in 2014 to MUR 2,21 billion for the year ended 31 December 2015 mostly due to increase in personnel costs. Cost to income ratio stood at 52.58% for the year ending 31 December 2015.

The Group's total assets rose by 8.41%, from MUR 125.60 billion, as restated, as at 31 December 2014 to MUR 136.16 billion at 31 December 2015, driven by an increase of MUR 7.01 billion in gilt-edged investment securities and MUR 1.35 billion in net loans and advances. Deposits from non-bank customers increased by MUR 12.50 billion or 13.61%, mostly in low cost current and savings accounts.

Impaired advances increased as stated above from MUR 1.46 billion at 31 December 2014 to reach MUR 3.71 billion at 31 December 2015. This has impacted the net impaired advances to net advances ratio, from 0.96% at 31 December 2014 to 1.87% at 31 December 2015.

SBM Holdings Ltd; the Group capital

The capital base and equity of the Group stood at MUR 23.72 billion and MUR 22.19 billion respectively as at 31

December 2015 as compared to MUR 24.93 billion and MUR 22.07 billion respectively as restated, as at 31

December 2014.

The Group's capital adequacy ratio (CAR), Tier 1 capital and common equity Tier 1 capital ratios decreased from

31.41%, 25.67% and 25.67% respectively as restated, as at end of 31 December 2014 to 28.26%, 21.75% and

21.75% respectively as at 31 December 2015, mainly due to reclassification of assets into intangible assets and

increase in risk weighted assets. However, the ratios are still well above the minimum regulatory requirements.

SBM (Bank) Holdings Ltd; the Banking group capital

The consolidated capital base of the Banking group stood at MUR 11.33 billion as at 31 December 2015 with a

shareholder's equity of MUR 13.74 billion. CAR under Basel III of the Banking group stood at 14.96% as at 31

December 2015 and both Tier 1 capital and common equity Tier 1 capital to risk weighted assets ratio stood at

12.94% against the minimum regulatory limits of 10% for CAR, 7.5% for Tier 1 capital and 6% for common

equity Tier 1 capital.

Dividend

Dividends amounting to MUR 0.75 billion representing 2.9 cents per share were declared and paid during the

financial year ended 31 December 2015. After the reporting date, an additional dividend of 1.1 cents was declared

and paid, totalling 4 cents per share in respect of the financial year 2015.

Outlook

The SBM Group has embarked on a five-year strategy to consolidate its Mauritius banking operations, which are

expected to remain the mainstay of the Group, while enhancing its revenue base by increasing the share of

income from cross-border activities and non-banking operations. Whereas challenges are anticipated both locally

and globally in relation to business volumes, asset yields and credit quality, the Group will lay increased focus on

operational efficiency, product development, customer service and innovation to improve the bottom-line,

underpinned by enhanced capabilities, particularly in the areas of risk management, talent development and

technology. These capabilities will also support the Group in its endeavour to expand its regional footprint,

namely in geographies with a strong potential for growth.

We wish to thank the shareholders for their unflinching support.
